SUNDAY, MONDAY, TUESDAY, WEDNESDAY—THE GREATEST PICTURE OF THE DAY IN SEVEN THRILLING REELS

A ferocious, outlaw dog that had torn and bitten a score of men had been brutally beaten and injured to subdue his viciousness. The animal was chained to a tree. David Raine, who loved all dumb creatures, ventured close to this savage beast and to the horror of its owner reached down and patted Barea, the outlaw. It was an unheard of thing. The animal covered and made friends with this fearless youth. They understood each other in

Headquarters for the convention will be installed in the University club, where the visitors will register upon arriving in the city. Immediately following they will be assigned to hotels and private homes by members of the local billeting committee who have arranged the accommodations. Merchants of the city have offered to decorate their storefronts and install window displays in honor of the

Committees Meet.
The various committees appointed to deal with the subject before the convention will meet in the evening and remain together such time as is necessary to perform their work so that most, if not all of them, will be ready to report back to the convention Tuesday morning.

Blind Chorus to Sing at First Presbyterian

The Handel chorus of the State school for the blind, will give the second part of the musical Sunday night in First Presbyterian church when the scholars of the department for the blind rendered Marzo's operetta, "Florida." The Handel chorus numbers usually are only attempted by trained singers, who can watch their director for attacks and modulations. Miss Ivine Shields, who has had sole charge of the training for this work, leads them only by the piano and through careful daily practice the artistic rendition is accomplished. The blind children love to sing and the music period is for them a delight and their work reveals how much the musical department of the school has been to them. The fact that many of those taking part in the operetta are totally blind, has made the practices and instruction one of constant repetition for the positions on the platform must be remembered accurately. The scholars today are practicing in the Presbyterian church and learning the positions on the rostrum so they will give the cantata tomorrow night without a hitch.

Lagoon opens Saturday, May 29. Afternoon train service on the Bamberger Electric line, every hour on the half hour.

Scabies Found Among Sheep at Snowville

Scabies have been found among sheep at Snowville and the Curlew "sinks," and the disease prevails with considerable frequency in these sections, according to Thomas Redmond, secretary of the state livestock board who has just completed a tour of inspection of Box Elder county. The scab was found mainly among pet lambs, hand-fed nurslings that had been dropped out of herds that passed through on the trail, Mr. Redmond said. The condition indicates a scabby condition among sheep returning to summer ranges in Idaho. Mr. Redmond found that the Spey herd at Monument mountain was infested with scabies, and a dipping vat is being constructed there to take care of the situation. In some instances the dip will have to be applied by hand methods. Precautionary measures have been ordered. Mr. Redmond reports that he never saw the grain in better condition than it is in the Curlew and Hansel valleys this year. He found haying and thinning of beets in progress around Ogden. Sheep are in good condition. Successful range lambing was reported, though those that had earlier lambing, in sheds met with some unfortunate weather.

Elks Summer Dance at Lorin Farr Success

Minchin of Denver. Dr. Minchin is the superintendent of the work of the Congregational churches in Colorado, Wyoming and Utah. He is one of the best speakers in the church and will have an address well worth hearing.

MEMORIAL AT PRESBYTERIAN

Organizations of Three Wars Will Attend Services at Local Church

Members of the G. A. R., its women auxiliaries, Spanish War Veterans, American Legion and Service Star Legion will attend memorial services in the First Presbyterian church tomorrow.

Concerning the services, Rev. John Edward Carver said this morning: "The memorial services tomorrow will commence an era of the men and women of three wars united to do honor to those who in any struggle for their country have served with honor. The members of the American Legion have by official action taken their stand as upholders of all the traditions and observances that have made Memorial Day to be one of the most universally loved of American holidays."

"The observance of the Sunday preceding the 30th of May and when that day falls on Sunday the special hallowing of the two days in one has become one of the need parts of Memorial celebrations. Tomorrow the patriotic orders of the city and county will attend the morning services in First Presbyterian church at 11 o'clock. In this the members of the Grand Army of the Republic, the Spanish War Veterans and American Legion, and the various patriotic orders of womanhood will join."

Members of the Service Star Legion will attend in a body.

from June 28 to September 4. Dr. Edward T. Devine of New York will be the special lecturer of the course. The course is being given under the auspices of the Mountain division of the Red Cross for the purpose of educating those who desire study in social work and to advance students of social work to a degree of higher perfection.

LARGE INCREASE IN AUTOMOBILES

Cars Operated in Weber County Amount to 4200, Says Assessor

A large increase of automobiles in Weber county is shown in 1926 over the 1919 figures, according to records compiled today by Owen M. Sanderson, county assessor. The approximate number of cars being operated at present in the county is 4200, while during 1919, there were approximately 3500, Mr. Sanderson said.

Taxes on motor cars operated by persons who do not own real estate are now being collected and more than seventy-five per cent of this number have already sent in their amounts. An intense campaign is being inaugurated by Mr. Sanderson to secure payment from the balance. Mr. Sanderson explained that the new law calls for the payment of automobile taxes at the time of appraisal, which is any time after the first of the year. This, however, only applies to persons who do not hold real estate, for the automobile tax of real estate owners is included in the regular tax list in November. The approximate total of 4200 cars owned in Weber county means that there is one car owned here to every ten persons, Mr. Sanderson said. This is an unusual record and shows a great gain over last year.
